

STRATEGIC GOAL #2: BELIEVE

EXCELLENCE IN HELPING PEOPLE BELIEVE

“Jesus said to them, ‘Go into all the world and preach the gospel to all creation.’” Mark 16:15 (NIV)

Evangelism is a command given to us by our Saviour. Sometimes we think it should only happen when we travel to faraway countries or go as part of a missionary group. Preaching the Word of God is a command for everyday life events. Our life stories are opportunities for preaching the gospel. In our homes, at our workplace, in our community — how are we “preaching” the Word of God?

Recently, I lost a coworker to cancer. As I sat in her memorial service, her family narrated her last days on earth. She had accepted the Lord a few weeks before her death and they were very grateful for her salvation. She told them she had been struggling with believing for many years even though she had a degree in theology.

The story touched me deeply. Numerous times I had talked to this friend about the goodness of God and His promises. I always sensed she was struggling with faith when we worked together so I took the few opportunities to talk about God’s good work in my life. Hearing the story reminded me how important it is for me as a Christian to be the light in all areas of my life – work, family, and community.

The Apostle Paul’s life is our example for preaching the Word of God. The book of Acts shows how Paul and the early church allowed the Holy Spirit to grow the church through them.

Luke 19:10 (NIV) states, “For the Son of Man came to seek and to save the lost.” Allow the Holy Spirit to do His work through you EVERY day!

FAITH IN ACTION: Pray that God will give you courage through the power of the HOLY SPIRIT in you so that you can share the Word of God daily in all aspects of your life.
