

ENABLER #1: GOD

MAXIMIZING POTENTIAL THROUGH PARTNERING WITH GOD

The help we need.

“As long as he sought the Lord, God gave him success.” 2 Chronicles 26:5

History is filled with men and women who did extraordinary exploits for God through absolute trust and total dependence on Him. Moses led Israel out of captivity in Egypt. Deborah courageously led the people of God to battle. Nehemiah rebuilt the wall. Daniel demonstrated God’s authority in captivity. Jesus fulfilled God’s redemptive plan for mankind. The list goes on.

With our abundance of knowledge and technological advancements, it is becoming more and more difficult to depend on God for His help. However, if we are to accomplish any meaningful work for God, then we need His leadership and enablement. Moses, the meekest man on earth (Numbers 12:3), depended on God in leading Israel to the Promised Land. He craved God’s presence and direction for fulfilling his assignment so much that he said, “If Your Presence does not go with us, do not send us up from here (Exodus 33: 12-15).

No matter how great the dream we may nurse in our hearts for God, its fulfilment solely depends on God’s sovereign agenda and help. “For it is God who works in you to will and to act in order to fulfill His good purpose” (Philippians 2:13). As we live for God and seek to establish His kingdom on earth, we will do best by maintaining intimate, effective, and fervent communion with God through prayer for His direction and enablement. Prayer is as important as planning.

FAITH IN ACTION: “My help comes from the LORD, the Maker of heaven and earth.” (Psalm 121:2). Dear Lord, please help me to depend wholly on You alone as I seek to serve You with all my heart.

Surrendering to God makes His power available for effectively serving Him.
